If you are not from the immediate area, do you know how you will get your puppy home (drive to pick up, shipping etc) - we can help you make arrangements if you are not sure about what options are available to you.

Does anyone in your household have allergies to dogs?

Yes No Unsure

Please feel free to tell us a little bit about yourself, your experience with dogs, or any specific characteristics you are looking for in a puppy.

We will only accept six reservations for each litter. If more than six puppies are born, un-reserved puppies will first be made available to members of our waiting list before being advertised for sale (If you are not among the first 6 to reserve a puppy you will automatically be put onto our waiting list to be contacted for extra puppies at the time the litter is born).

If no puppies are born matching your first or second choice preferences, you will have the option of selecting any of the other available puppies from that same litter if any are available, OR applying your deposit towards the next litter, OR you may have your deposit refunded. The deposit of \$200 CDN is non-refundable in all other scenarios. Puppies are only considered 'reserved' once the deposit is accepted, and the actual sale will be subject to the terms and conditions of our contract (to be signed at the time of pickup) This contract is available on our website for viewing.

Once we have reviewed your puppy reservation request, we will contact you with specific information on how to place a deposit to hold a puppy, along with other information pertinent to the process. We reserve the right to refuse reservation requests from unqualified applicants.
